9 Physical and chemical properties

Physical state	Solid.
Color	Brown.
Odour	Weak smell for mineral oil.
Solubility in water	< 0.01 g/l (at 20 degrees celcius)

10 Stability and reactivity

Dangerous reactions	Avoid overheating.
Stability	Stable.

11 Toxicology information

	No health hazard to be expected when used for the correct application and according to the Occupational Health and Safety rules.
	LD / LC 50 value:> 2000mg/kg Rat.

12 Ecological information

	Material is slightly biodegradable. Not water contaminating.
--	---

13 Disposal information

	Disposal number: 542 02 Threat as chemical waste.
--	--

14 Transport information

	Not a hazardous substance within the meaning of transport regulations.
--	--

15 Regulations

	Designation according to EC guidelines: Not required. Not water contaminating.
--	---
