

RIV 3302

Bayonet fastening with hose-connection

Tech drawings and tables

DN	Code	Ø	H	h	PN	KG	P/box
13	033302000033	10	46,5	24,5	16	0,100	10
15	033302000035	11	49,5	27,5	16	0,096	10
18	033302000038	13	49,5	27,5	16	0,103	10
20	033302000040	15,5	52	30	16	0,105	10
25	033302000042	20	58	36	16	0,118	10
32	033302000045	26	60,5	38,5	16	0,149	10
38	033302000049	32	77,5	55	16	0,215	10

Advantages

The "SWIFT" bayonet fastenings feature the same bayonet coupling for all sizes.

Therefore couplings of different dimensions, with hose-connections or threaded ones, from 1/2" to 1 1/2" (see drawings) can be joined very simply and safely, composing the required connection or reduction according to needs.

Technical data

Art. 3300

Materials

1	Body	Brass CW617N
2	Gasket	NBR
3	Gasket	NBR

Connections

ISO 228/1

Limit

-10°C (without liquid) +90°C

Notes

The max. working pressure (PN) means at a room temperature of about 23°C.
