

READ THOROUGHLY BEFORE INSTALLATION

⚠ CAUTION RISK OF ELECTRIC SHOCK

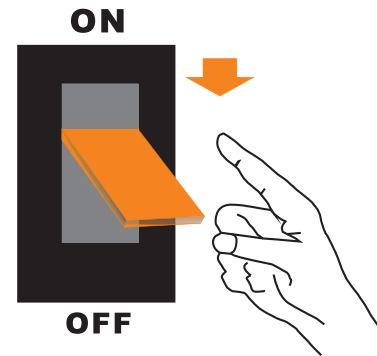

These instructions do not intend to cover all details or variations in the fitting or provide for every possible contingency to be met in connection with installation, operation, or maintenance. Should further information be required or should any issues arise, please contact ADUROLIGHT.

Installation Methods

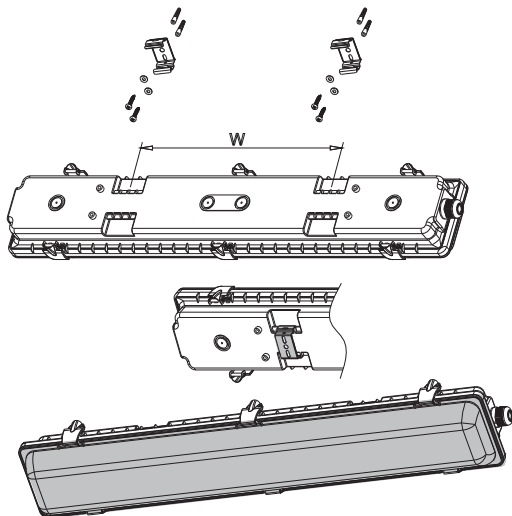

Installation

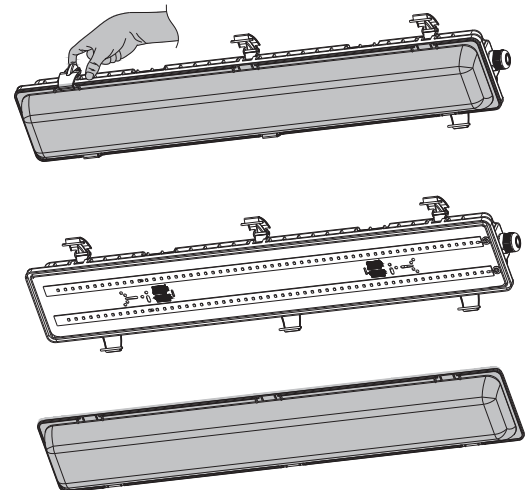

1. Disconnect the power supply.

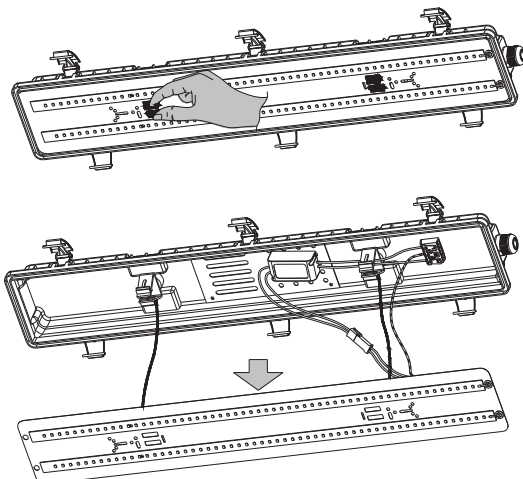

2. Mounting clip and lamp installation

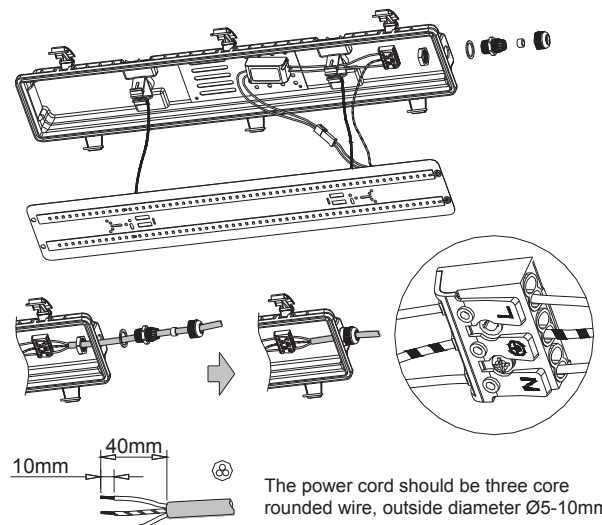

3. Remove the lampshade.

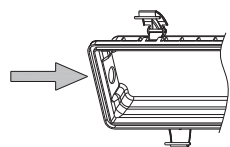

4. Remove the lamp board, as shown below.

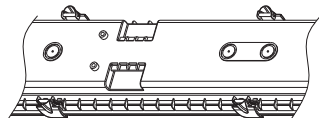

5. Disassemble the waterproof fixed-head at first, and reassemble after power line is installed.

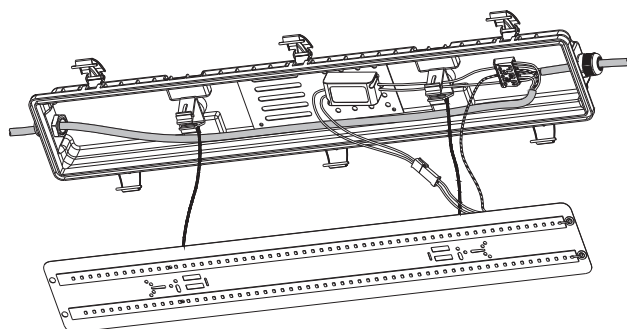

Multi lamps connection (accessories package includes spare waterproof fixed-head)

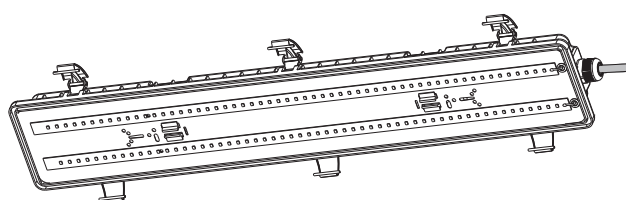

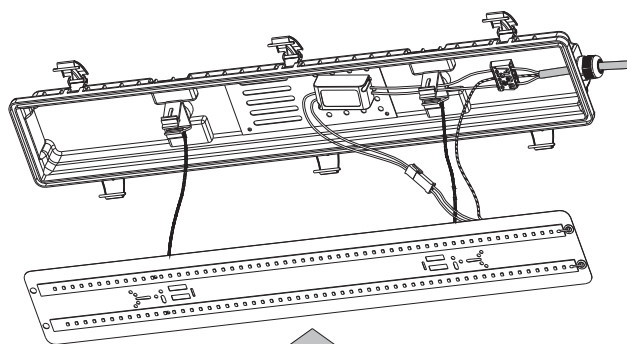

Need to drill a 19mm hole

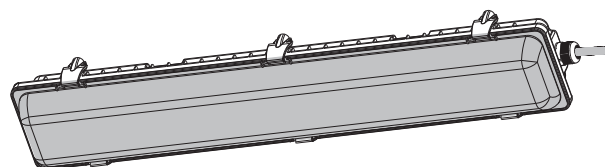

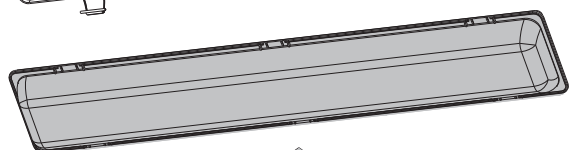

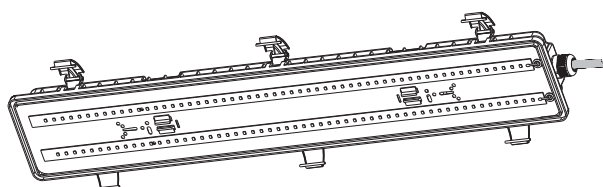

Pending installation: drill a hole on the bottom as shown above.

6. Assemble the lamp board back to the lamp.

7. Assemble the lamp cover and fix it.

8. Switch on the power.
